# Reviews

## Giacomo32

I just completed Giacomo32's Germany itinerary, and it was an outstanding experience! The transitions between stops were well-organized, and the restaurant recommendations were truly delightful. The cultural and scenic diversity of Germany was showcased to the fullest. I highly recommend this itinerary to anyone looking to explore the best of Germany!

## Anna

Fantastic! Top recommendations and flawless organization. 🌟

## Nicole

I was disappointed with Giacomo32's created Germany itinerary. The distances between stops were excessive, and some of the restaurant recommendations didn't meet expectations. I expected more considering the positive reviews.

## Nicole

too long, disappointing. 😐
